

II. AMENDMENTS TO THE CLAIMS

Please amend the claims as follows:

Claims 1-23 (Canceled)

24. (Currently Amended) A bullet comprising:

a jacket having a closed end forming a nose of the bullet;

a first core contained within the jacket, the first core having a front surface conforming to an interior surface of the nose; and

a second core contained within the jacket aft of the first core, the second core having a rear surface disposed at a rear end of the bullet;

wherein:

the first core consists of at least 50 weight percent tin; and

the second core consists of at least 50 weight percent tungsten.

25. (Original) The bullet of claim 24 wherein:

the first core has deformability effective so that the bullet will not defeat level 2 body armor when impacted thereon.

26. (Original) The bullet of claim 24 wherein:

the first core comprises at least 80.0 weight percent tin;

the second core comprises at least 95.0 weight percent tungsten-filled polymer; and

the jacket comprises at least 50.0 weight percent copper.

27. (Original) The bullet of claim 24 wherein:

the bullet has a weight of 120-125 grains.
